

Dear Parents:

We value your input and we are seeking feedback on our dress code policy for next school year. There has been some discussion among parents and staff about the possibility of implementing school uniforms or uniform dress code.

Please look over the brochure concerning the WJMS dress code proposal. In it you will find information concerning research behind dress codes in schools as well as sample clothing items and prices.

During our student-led conferences the week of February 6-10 we are asking that you submit feedback concerning next year's dress code proposal. After viewing the brochure, please fill out the form below. There will be a box in the front office for you to place the form.

After analyzing the feedback and ensuring enough responses have been submitted, we will make a decision whether or not to move forward with this proposal. We may also have an information night in which parents will be given an opportunity to submit ideas and/or ask question in an open forum setting.

All information concerning our uniform dress code proposal can be obtained in the front office at WJMS, from your child's teacher during conferences, and on our website. We look forward to hearing from you.

Sincerely,
WJMS

-----Please cut and return the bottom portion to the front office at WJMS-----

Choose **one** of the following:

I am in favor of having a uniform dress code at WJMS.

I am NOT in favor of having a uniform dress code at WJMS.

I am not sure about a uniform dress code and would like more information.
